

EURAXESS Jobs

is a stress-free recruitment tool where no charges apply.

As a researcher, you will find a wealth of constantly updated information on job vacancies, funding opportunities and fellowships throughout Europe. Posting your CV will allow recruiters to find you.

As company or research institute you can post vacancies free of charge and search for CVs of international top-notch researchers.

You can also directly access the national Jobs portals of the 35 partner countries which contain information on research jobs and funding opportunities, as well as on personalised services in each country.

EURAXESS Services

is a network of more than two hundred centres located in 35 European countries.

As a researcher, these centres assist you and your family to plan and organise your stay in a foreign country. This free personalised service will help you tackle issues such as accommodation, visa and work permits, language lessons, schools for your children, social security and medical care.

A team of well-informed staff is at your service. Find a [EURAXESS Services](#) centre near you and read some of the success stories.

EURAXESS Rights

provides all information regarding the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

The Charter sets out the rights and duties of researchers, as well as research and funding institutions.

The Code aims at ensuring equal treatment of all researchers in Europe and increases transparency in their recruitment.

A large number of leading research institutions have already undersigned the Code and Charter: find who they are in the Signatories section.

EURAXESS Links

provides interactive web services to European researchers working abroad in order to keep them linked among themselves and with Europe.

Web forum, researchers' database, e-mail alerts, e-newsletter are available while networking events for members are organised regularly.

EURAXESS Links provides information about career opportunities in Europe, trans-national research collaborations and European research policies.

It runs in the US and Japan, whereas China is in the pipeline. Membership is free.
